FIAP BLUE BADGE

Woods Trevor
England

It all began as a 7-year-old with the family box camera and here we are as a 75-year-old being awarded the FIAP Blue Badge for best author in you wonderful Salon. As a teenager I joined my local Photographic Society and stayed for over 53 years, until we ran out of members! Moving to another Society was an encouragement to renew with vigour my interest in Salons after a 25 or so break since the time of slides for which I was award my EFIAP in 1991. In 1976 I was given the opportunity to become the Photographer in a local museum – this led to the post of photographer, and finally Photographer in Charge at a University of Durham Department a total of over 30 years in the profession! As this involved attendance on a part time basis at Collages – this also opened my eyes & mind to even greater opportunity to include ideas into my own personal output. I have always judged & given talks to the clubs and societies in my area – plus judging salons etc. within the UK. As regards choice of subject matter – there has never been a favourite one, with an open mind if it looks interesting to me then it goes into the camera! Having been involved with my Federation's International Salon for 15 years from 1983 – a steep leaning curve but most interesting & educational one, this allows me to understand most aspects of this fantastic world of Salons!
