Jovanovski Vladimir, EPSA, GPU Hermes, North Macedonia

Vladimir Jovanovski, EPSA, GPU HERMES, RISF5, was born in 1983. He is a distinguished photographer from Macedonia and the most successful representative of Macedonian photography, having taken part in numerous international exhibitions around the world. He has exhibited his works in 35 countries and as a result, has received over 100 awards and certificates. He was proclaimed by The Photographic Society of Macao as one of the 100 most influential photographers in the world. In 2018, he has received the award for best world photographer from the Photographic Arts Federation of Turkey. His biggest successes, according to him, are the projects 'The other one hundred' and 'On Macedonian photography'. He was a member and president of the Photo cinema club 'Kozjak' from Kumanovo. Currently he is an active member of Photo club 'Kumanovo'. He is also the director of Malinski Photo Festival, an honorary member of Image Sans Frontier, Image Colleague Society and the Photo Club 'Kragujevac'. He is also a representative of PSA, GPU and ISF for the Republic of Macedonia and the current president of IAAP. When it comes to his photographs, he is not a mere recorder of things. He has a sense of the space around him, feeling the light, the ambient and life. He is constantly in search of all these things, confronting inner feelings, transferring them into his photographs. In the last couple of years, his approach has been more thematic.

Kascelan Milorad, Bosnia and Herzegovina

Milorad Kaščelan was born on 15 November, 1962 in Kotor. He has been engaged in photography since 1984, when he became a member of the Photo Club Student from Podgorica. In 1987, he became a member of the University Photo Cinema Club from Banja Luka and that was when he began his exhibition activities. So far, he has exhibited his works at over 780 group photo exhibitions and won 190 awards and honorable mentions. In addition to this, he was a member of the jury at more than 75 photo exhibitions. In the Photographic Association of Bosnia and Herzegovina, he is a holder of the titles Master Photographer (MF AUFBiH) and EFIAP/b title within the International Federation of Photographic Art (FIAP). As a teacher and an instructor of photography, he was one of the lecturers at over 50 photography courses and more creative photo workshops. He is one of the founders of the largest photographic exhibition in Bosnia and Herzegovina - BANJA LUKA PHOTO SALON. He has had 16 independent exhibitions so far.

Markovic Milan, EFIAP, MF FSS, Serbia

Born in Valjevo in 1960. He is professional photographer in the Institute for the Protection of Cultural Monuments in Valjevo. Since 1979, he successfully exhibited his photographs on 907 group photo and art exhibitions in Serbia and abroad, winning 305 awards. Several times his photographs were part of the national collections of Photo Association of Yugoslavia and Serbia on FIAP biennials. He has exhibited photographs individually 27 times. For nine times he was at the first place of the list of the most successful photographers in Serbia. He is the jury member and selector of the several local and international exhibitions. Photo Association of Serbia title MF FSS gained in 2005 and FIAP title AFIAP in 2004 and EFIAP in 2007.

FIAP BLUE BADGE

Hausdörfer Frank, EFIAP
Germany

Frank Hausdörfer was born in East Germany in 1966. The western part was only 1 km away and was inaccessible until 1989. This "impotence" caused a wanderlust, which became the driving force for many trips. His work is characterized by seeing things that others do not pay attention to. The skilful use of depth of field and the play with light and shadow enable the photo artist to take very special snapshots, some of them "tell stories". The German does not see himself as a hobby or professional photographer, but rather as a photo artist, since he has never learned this profession. After the reunion of Germany, he has worked as a freelance journalist reporting sports and local news. Because of shutting down most of the daily newspapers, he studied social pedagogy. In 2006 he started focusing on model photography in his spare time. The Thuringian is known worldwide for his spectacular landscape photos - especially from South America. Hausdörfer was able to convince jurors from 34 countries with 100 different pictures. He has won over 700 awards, including more than 250 medals, in the past five years. In the last time he has also been a member of the jury in over 30 circuits. For example, the "Image of the Year" 2018 at PSA or the "ASIA SUPER CIRCUIT" 2019 organized by the APU, where 3 to 4 thousand images are submitted each month. In addition to the MPSA and EFIAP, Hausdörfer was able to achieve the Distinction GPU CR4, C*** MOL, and R-ISF 10, which very few photographers in the world achieved.
