### Cufar Aleksander, EFIAP/d3, MPSA, Slovenia

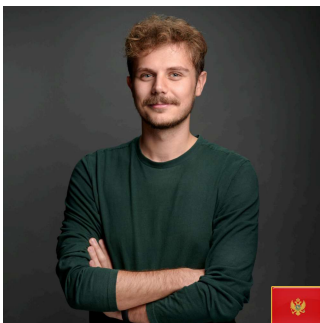

I was born in 1962 and I am a radiology engineer by profession. I started working in photography in 1990, I am a member of FD Jesenice, PSA and APU. I have won more than 1100 awards at international and domestic exhibitions.

I became Master of Photography of FZS in 2009, Master of PSA since 2015, and in 2018 I received the title of EFIAP Diamond 3.

### Jovanovski Vladimir, EPSA, GPU Hermes, North Macedonia

Vladimir Jovanovski, EPSA, GPU HERMES, RISF5, was born in 1983. He is a distinguished photographer from Macedonia and the most successful representative of Macedonian photography, having taken part in numerous international exhibitions around the world. He has exhibited his works in 35 countries and as a result, has received over 100 awards and certificates. He was proclaimed by The Photographic Society of Macao as one of the 100 most influential photographers in the world. In 2018, he has received the award for best world photographer from the Photographic Arts Federation of Turkey. His biggest successes, according to him, are the projects 'The other one hundred' and 'On Macedonian photography'. He was a member and president of the Photo cinema club 'Kozjak' from Kumanovo. Currently he is an active member of Photo club 'Kumanovo'. He is also the director of Malinski Photo Festival, an honorary member of Image Sans Frontier, Image Colleague Society and the Photo Club 'Kragujevac'. He is also a representative of PSA, GPU and ISF for the Republic of Macedonia and the current president of IAAP. When it comes to his photographs, he is not a mere recorder of things. He has a sense of the space around him, feeling the light, the ambient and life. He is constantly in search of all these things, confronting inner feelings, transferring them into his photographs. In the last couple of years, his approach has been more thematic.

### Vulovic Krsto, Montenegro

Krsto Vulović, born and raised in Kotor, Montenegro in 1998. Moved to Podgorica to get the Computer science degree at the Faculty of Science and Mathematics. Does not consider himself an IT guy.

His main area of work could be described as a mixture of documentary and reportage photography. Some of his clients are Montenegro National Theater, Musical Centre of Montenegro, UNICEF Montenegro, Montenegrin Olympic Committee, KotorArt festival etc. He was an assistant to Duško Miljanić for photography workshop held during FLUID design forum (Cetinje, 2018), and to Lazar Pejović during Creative campus for 10 to 12 year olds (Pljevlja, 2020).

Currently working on a documentary video series named "Employment record book".

## FIAP BLUE BADGE

**Eberhardt Andrea**  
Hungary

I'm Andrea Éberhardt, based in Hungary.

I've always loved photography, but my passion for it started when I bought the beautiful Nikon Coolpix L830 Bridge camera, which opened up new horizons compared to the previous Kodak compact. I discovered and enjoyed the new features, which proved to be "poor" for 2015, I wanted more... More about photography, more from good photos. That's when I decided I wanted to break new ground and bought a Nikon D5200 body with two basic lenses – 18-55 mm, 55-300 mm –. It was a completely new experience that I tried to explore on my own, but I felt there was more in it than I could explore by myself. Therefore, in September 2016 I started the fantastic path of learning photography and completed creative photography courses. I really enjoyed them, the different themes – portrait in studio and outside, fashion, glamour, architecture, artistic nude, landscape, abstract, reportage, documentary, night, street, dance, creative photography –, the improvement of my images, and the better and more confident use of my camera. Then came a break from photography learning – I needed to concentrate more on other areas of my life, my job – but of course photography did not stop during this period either as a hobby. I returned to learning photography in 2020, completed nature – animal, plants, astro, macro, landscape -, PhotoShop, master class in studio lighting courses and now I am in completion of Professional Art and Media Photographer course. During the practices of the advanced nature photography course, I began to experience the limitations of my equipment, so I first expanded the lenses and then decided to change the body and whole system in spring 2022. Over the past 2 years, the MLC NIKON Z 6II has been my faithful companion, with which I have had many beautiful experiences since then, and from the very first moment I have achieved an astonishingly spectacular change in the quality of the images. Depending on the theme I use different kind of lenses, but my favourites are the TTArtisan 11 mm f/2.8 FishEye and the Nikkor Z 70-200 mm f/2.8. Photography for me is humbleness, concentration, endurance, pride, reassurance, „out of real world“ experience, freedom, creativity, joy, happiness, love and endless passion.
